

**Patriot Day** event **September 14th 2019** from **5 pm to 9 pm** at the **Embassy Suites**, 7640 NW Tiffany Springs Parkway, Kansas City, MO 64153

Join the Platte County GOP in celebrating the U.S. Constitution with the Free Market Warrior, Loren Spivack, from Massachusetts, where the Revolution began.

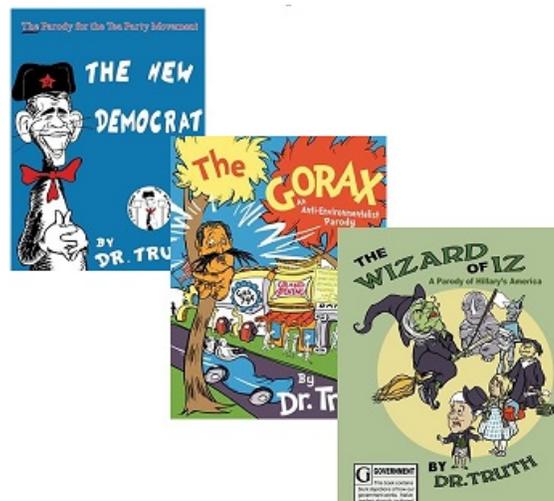

Free Market Warrior (aka "DR Truth")

Ever since Loren Spivack's store "Free Market Warrior" was expelled from Concord Mills Mall in North Carolina for selling materials critical of the Obama administration in 2009, (Mall owners, Simon Property Group, are major Democratic donors.) Spivack has devoted himself to writing entertaining, educational political parodies, and teaching people the truth about free market economics and how it can save this country. He is a popular author, economist, political activist, and highly sought after speaker on economics and small government.

Loren Spivack is passionate about making a positive difference in politics and economics. As the forces of statism and socialism methodically destroy the last vestiges of freedom in America, learn the ways of the Warrior. The Free Market Warrior has committed himself to helping an entire generation of Americans understand how economics works. Loren shares his wealth of information with the goal of preparing a new "army" of Americans ready and equipped to fight for freedom, in that area where freedom is crucial: our economic lives.

If we follow the U.S. Constitution, guided by good morals and fiduciary responsibility, we can move our country back to the Founders' vision and our country will be the beacon of hope for all to see.
